

I listen to K-Love radio station continuously, daily. It would be devastating to our community to have it off the air. I appreciate it so much that I financially support its broadcast. It brings a spiritual encouragement to my life and the lives of those in our community like nothing else can. Music can reach the soul unlike anything else. It is definitely within the public's best interest to keep K-Love on the air. With so much negativity in our world, we need to hear uplifting, moral and spiritual input through the spoken word and the beautiful music that is aired on K-Love radio. I would appreciate very much keeping K-Love on the air. Thank you for your consideration.
